

Angel Gorrio
Project 1
DMD 3420 Advanced Web
Topic Stamford Education

References:

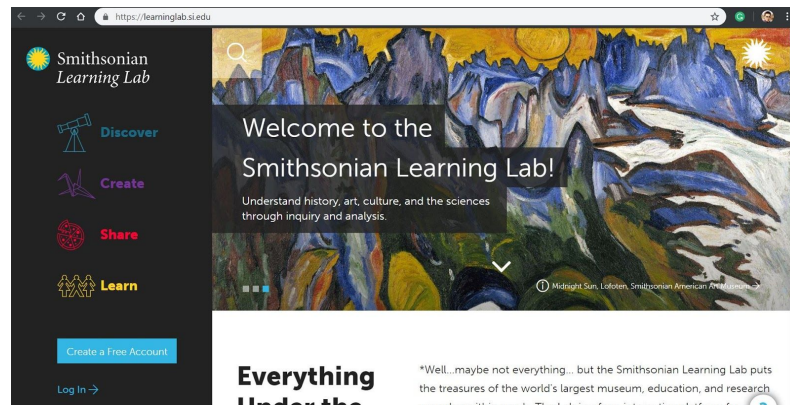

- <https://nmaahc.si.edu/>
 - Colors for my website will utilize the same colors as this website, Navbar is placed at the top & disappears as user scrolls down; there is a large image is placed at the beginning of the home page

- <https://www.loc.gov/>
 - A large image is also placed at the center of the user's attention once they load onto the page
 - Nav bars have an animation that brings up a line with color and highlights the text with the same color (in area below screenshot/not in picture)

- <https://learninglab.si.edu/>
 - Navbar on the side with large text over images, the image seems to cover most of the screen area out of navbar, a quote was used.

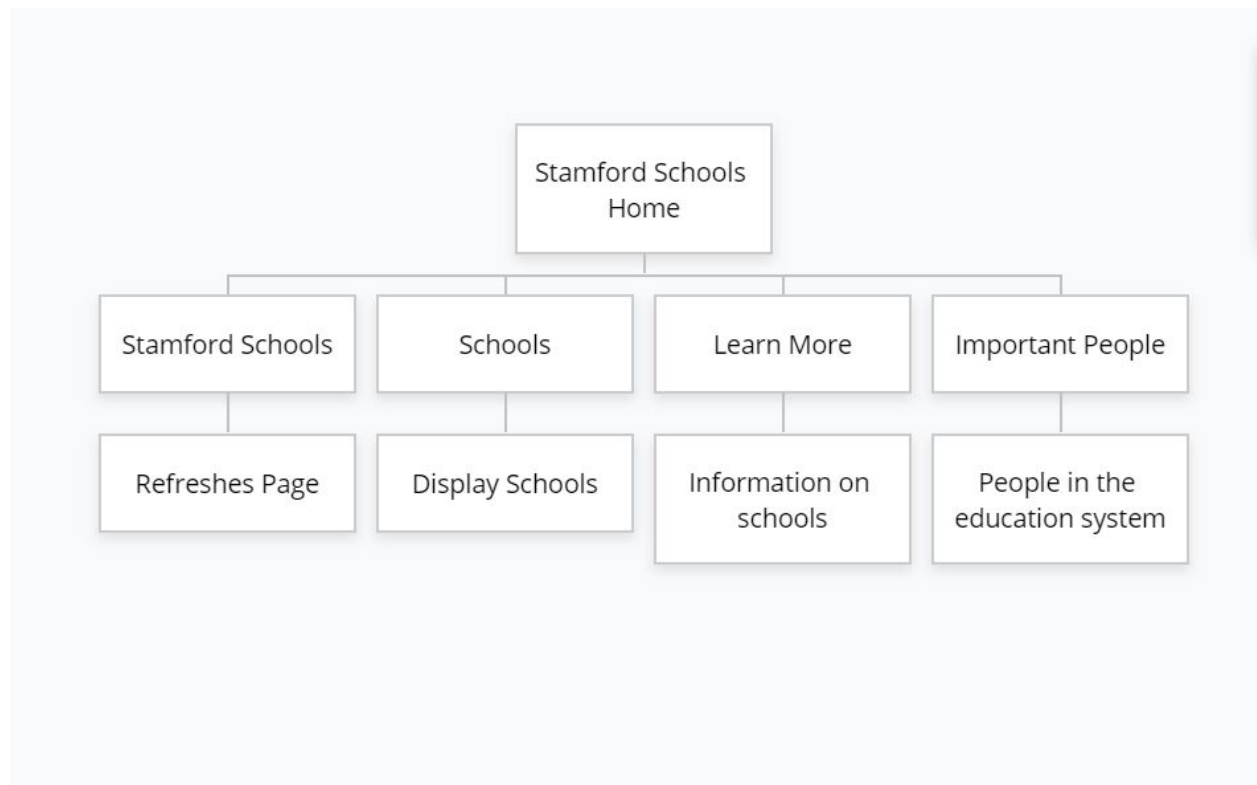

Content:

1. History of Stamford By E. B. Huntington
2. Stamford A City and A Town By IA Civics Class Chairman, Georgine Schwartz
3. This is Stamford By League of Women Voters
4. Stamford Past & Present 1641 - 1976 The Commemorative Publication of the Stamford Bicentennial Committee
5. Stamford in the Gilded Age The Political Life of a Connecticut Town 1868 - 1893 By Estelle F. Feinstein
6. Schools: Old Green School. Elm Street Lobozza Collection - B54

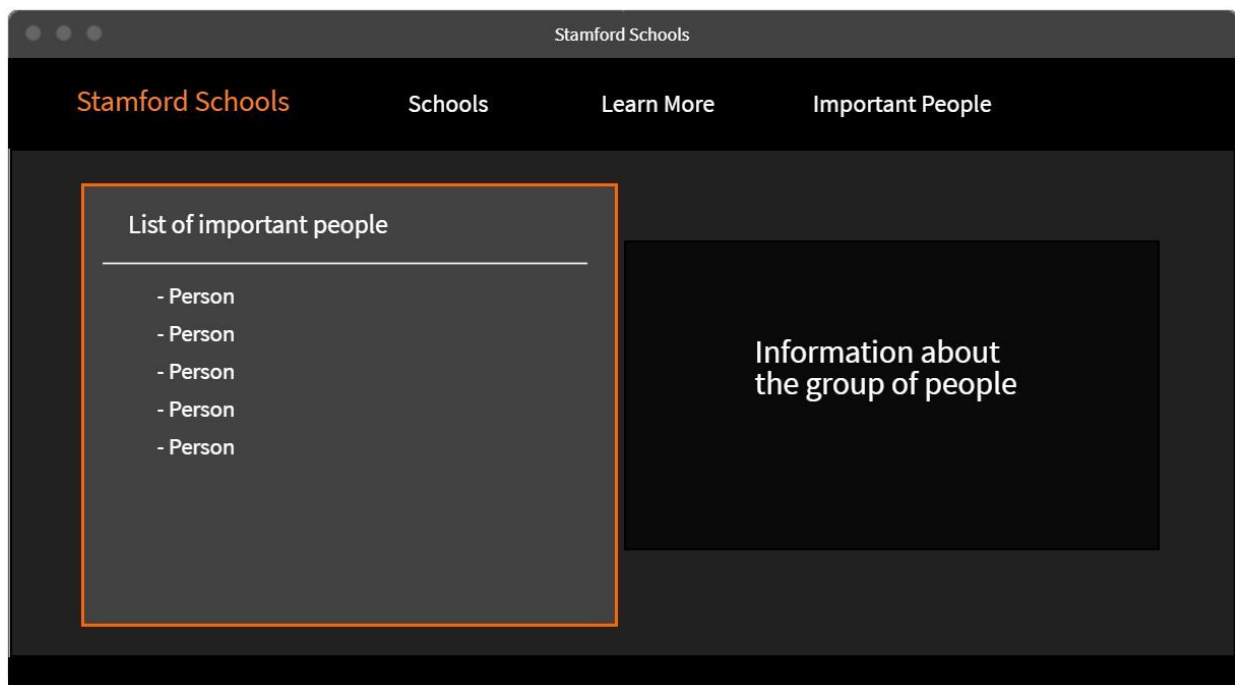

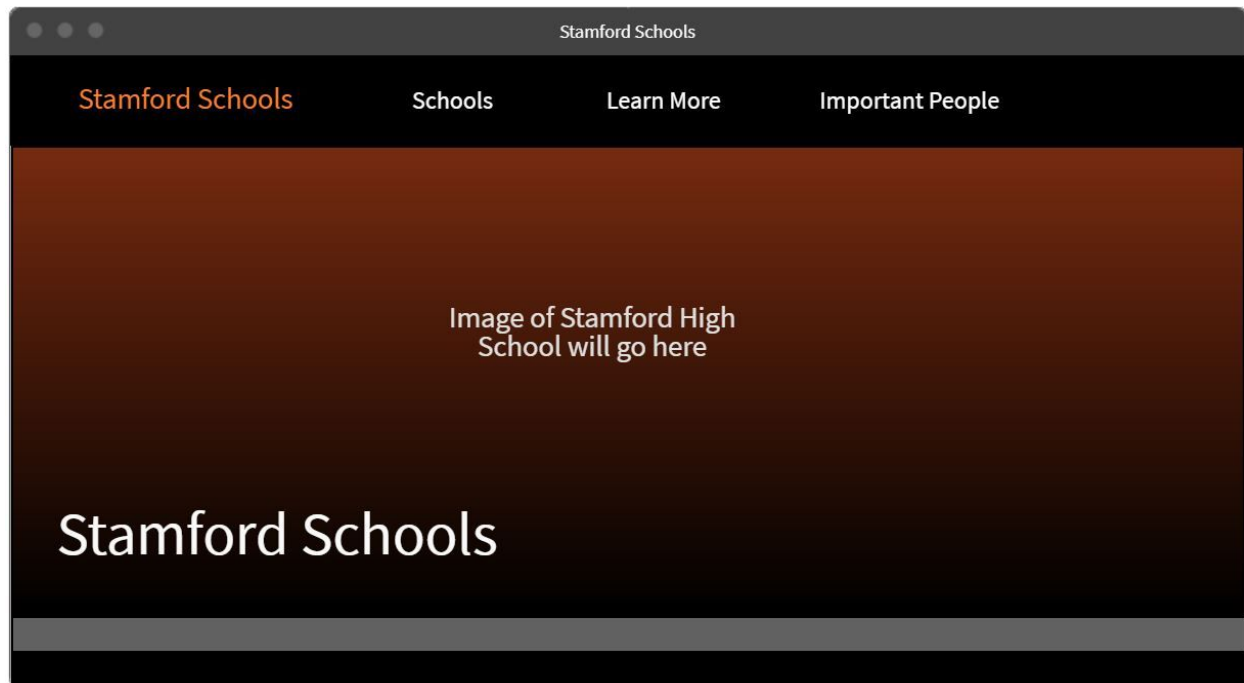

Concept:

- The target audience of my website is those that would like quick information on the education of Stamford, back when Stamford started to take actions on their education system. Key elements and concepts behind the experience of my website will be similar to the Stamford High website (I went to high school there). I used different websites to guide how my site will appear.
